Programming Guide

Genuine TM305c

Active TM305c

RED LEARN BUTTON
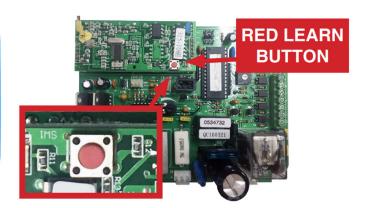

Programming Your Remote Control

1   Carefully remove the cover from the control box by lifting the tab at the bottom
2   Press the receiver button once and a red LED will illuminate
3   Press the large button on the transmitter once and hold until the red LED turns off
4   Test the operation of your new remote

Clearing The Codes From Your Motor

1   Press and hold the receiver button for 12 seconds
2   Test that your remote no longer operates the motor

For technical support, see our website below.
Please have the model number of your remote control and garage / gate opener before calling.
