PRODUCT FEATURES

SINGLE & DOUBLE DOORS

The Panel Ace can operate residential Sectional / Tilt doors upto 16.5m²

SILENT AND STRONG

The Panel Ace effortlessly operates any standard garage door with its powerful 1000N drive and smooth, quiet belt system.

HIGH CYCLE OPERATION

Got a busy family always on the move? The Panel Ace is built to handle frequent use, opening day and night without missing a beat.

5 YEAR REPLACEMENT WARRANTY

Our 5 year replacement warranty gives you peace of mind.

ULTRA-BRIGHT LED'S

No more fumbling in the dark! Our bright LED courtesy light will light up your garage.

POWERFUL TRANSMISSION RANGE

Our powerful remotes ensure reliable performance with a single press, every time, with the longest transmission range in Australia.

DURABLE REMOTES

Our remotes have been designed from the ground up, making them stronger and more stylish than ever before.

PREMIUM SAFETY REVERSE

Protect your family and property from damage.

MANUAL RELEASE PULL CORD

Easily open your garage door in the event of an emergency or blackout with a red safety cord.

AUTOMATIC CLOSE TIMER

Forget to close the door? Our motor can auto-close after a pre-set time.

BREAK-IN RESISTANT

Keep your belongings secure with our reinforced internal gearing.
